

Year 3 take home tasks

INVADERS

Our take home tasks this term are focussing on humanities – history, geography, PSHRE and RE.

Please complete at least one of the following take home tasks and bring this into school before Friday 10th March.

Remember it's okay to work with your family members to create your take home task.

Geographers

As **geographers**, research what modern day Italy is like.

What is Italy like?

What are the key cities?

What is Italy famous for?

What aspects of physical and human geography can you find in Italy?

Create a map of Italy showing some of the key cities, and physical and human aspects of Italy. Could you add on some of the key landmarks on your map?

Historians

As **historians**, research food that the Romans would have at their banquets.

What food do they like?

How many courses would they have?

Create a menu to show the food you would serve at a banquet

PSHRE

As **well-being warriors**, create an activity for the Roman Soldiers to do to help them relax when they are not in battle.

Think about whether you want the activity to be a group activity or an individual activity. Could it be a relaxing yoga session or a meditation session?

Present your idea either as a poster, written instructions, or a recording of yourself completing the activity.

Theologists

As **theologists**, explore the importance of the Roman Gods.

Explore the different Roman Gods. Find out how many different gods there were and what they were the god of. Think about how it links to the gods from the religions we know. You can present your findings as a leaflet, PowerPoint, poster or news report.
