Strengths:

- a) Curriculum
- a) An extremely broad and balanced curriculum engages and develops a love for physical activity which pupils respond to.
- b) The "irresistible learning" curriculum has engaged pupil, staff and parents in the learning journey of pupils. Planning, led by the subject leader sand supported by SLT, S.E.N.C.O and P.S.H.E lead, ensures that PESSPA is integrated within and across subjects. Pupils challenge themselves and others [including their families] to be more active, live and eat healthily and enjoy all opportunities presented to them.

2. **CPD**

- a) Opportunities for CPD within school as a result of continuous and monitored staff audits, supported by excellent resources.
- b) Teachers are well supported to develop confidence and enthusiasm in their teaching of physical education and are well supported through the strategies and resources developed and embedded by the school [planning, use of core task; assessment systems; S.T.E.P principles].

3. Extracurricular activities

- b) A broad and balanced curriculum, enhanced through lunchtime and after school provision, in addition to special events and an extremely enhanced competitions programme provides outstanding experiences for pupils, particularly in nongames activities.
- c) OSH provision is encouraged and planned for in an inclusive and meaningful way and a large percentage of pupils engage in after school clubs.
- d) The school has an excellent competition record, particularly for their b and c teams, but see this as an extension of their curriculum provision not a simple add on.

4. Inclusive

a) Intervention programmes are designed to target pupils with a wide variety of needs and evidence shows significant impact for many individual pupils, particularly those most at need.

5. Subject lead

Passionate subject leader, supported by S.E.N.C.O. & P.S.H.E lead, together with SLT and Governors drive standards up through high expectations underpinned by sound planning. Management, monitoring and evaluation is constant and robust.
